

Mare Owner/Agent Bid Rules & Conditions

The BEST Breeding Value in the Business!

Stallion Service Auction

Special points of interest:

- **ALL BREEDING FEES ARE ½ THE ADVERTISED PRICE OR \$500.00 – WHICHEVER IS THE GREATER OF THE TWO COSTS.**
- Money collected will be used for the ApRHA/NRHA Futurity and ApRHA advertising.
- More than one breeding to different stallions may be purchased.

How it works:

1. One breeding for the 2023 season from each of the listed stallions will be sold to the highest bidder.
2. Bids will be accepted on the Appaloosa Reining Stallion Auction Facebook Page from December 1st, 2022 through December 15th, 2022 (Session 1) with the highest bidder receiving the breeding. December 16th, 2022-April 1st, 2023 (Session 2) will be on a first-come, first-serve, basis with the remaining breedings being sold to the first bidder mentioned on the Appaloosa Reining Stallion Auction Facebook Page.
3. A check for the full amount of each bid must accompany each completely filled out ApRHA Mare/Owner Agent Bid Form **within 10 days** of notification of winning bid. Checks will not be deposited unless a bidder is successful.
4. Successful bidders and stallion owners will be notified by phone and/or mail.
5. Each successful bidder will be purchasing in full the breeding services of the stallion specified on the bidding form. (Successful bidders will be responsible to pay any additional fees, if applicable, i.e. booking fee, mare care, veterinary expenses, shipped semen expenses, or any other expense that is incurred. The bid is for the actual breeding fee only.)
6. Each successful bidder will be bound by the breeding contract specified by the stallion selected. The contact name and phone number is included on the list. PLEASE contact them if you have questions.

7. Breeding must be completed in the year breeding was purchased. If the breeding is not used in the year purchased, it becomes NULL AND VOID for any future years (with the exception of number 8 below) and there will be NO REFUNDS issued.

8. If the breeding is attempted and the mare does not come into foal, **NO REFUNDS** are issued. However, the amount spent on the breeding fee can be used for the SAME stallion in the following year, provided the current stallion; 1) is not sterile or 2) is not deceased. SHOULD the purchased breeding stallion have either of the two aforementioned criteria, the purchase price may go towards the purchase of a breeding in the same or immediate following year of a different stallion. In the event, the second breeding is of higher cost, it is the buyer's responsibility to pay the ApRHA the difference for the breeding. In the event, the second breeding is of lower cost, there are **NO REFUNDS** issued.

7. Any breeding purchased through the ApRHA Stallion Auction, the resulting Appaloosa foal is **ELIGIBLE** to exhibit in the \$10,000 Buy, Breed, & Win Futurity in its 3-year-old year. The breeding must take place in the year breeding was purchased in order for this eligibility to be valid. If breeding takes place in a following year, it is the responsibility of the buyer to nominate their foal through the Buy, Breed, & Win Foal Nomination Program, with applicable fees being paid based on the age of the foal. All details can be found on www.aprha.com. The only exception to this rule is if the purchased stallion is; 1) sterile or 2) deceased.

8. The purchased breeding DOES NOT include the Entry Fee for the Buy, Breed, & Win Futurity. The Entry Fee will be calculated as a percentage based on the purse; 2% of purse will be that years' entry fee. Example: \$10,000 purse = \$200 entry fee. \$20,000 purse = \$400 entry fee

10. The ApRHA Board of Directors reserves the right to rescind and/or change any of the rules, regulations and payouts of the ApRHA Stallion Auction at any time with 30-day notification to any affected parties for the betterment of the Stallion Auction.
